

Modnoor

Define your life

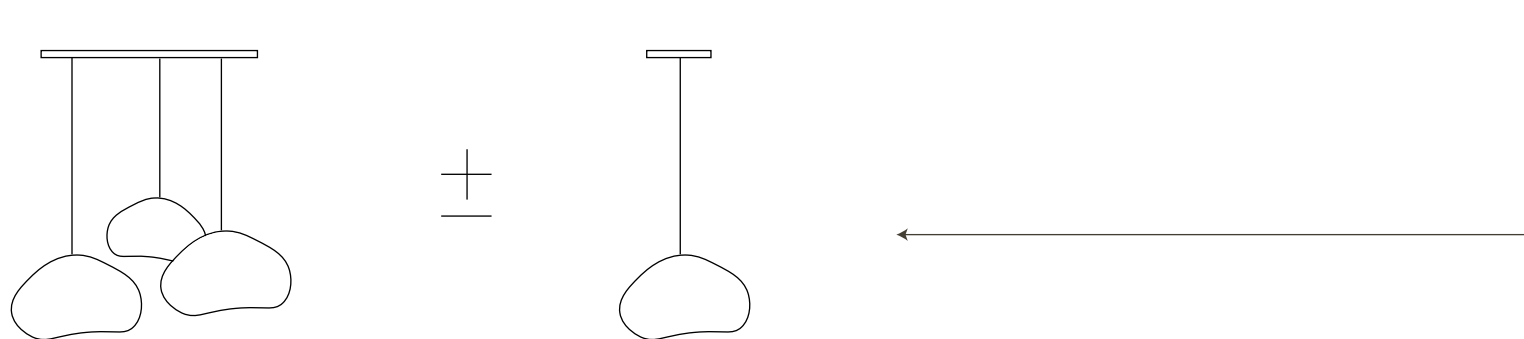

About MODNOOR

Modnoor stands as one of the few chandelier manufacturers in Iran committed to creating modern and innovative designs. By assembling a professional team of experts in design, production, and marketing, the company has carved out a distinguished position in Iran's lighting and interior decoration market. Modnoor's products, which blend cutting-edge design innovation, unparalleled production quality, and extensive customization options, cater to the diverse needs of residential, commercial, and public spaces.

As 1404 begins, Modnoor has pledged to take a bold step forward. While preserving the modern and creative DNA of its products, the brand aims to integrate authentic Iranian artistry with state-of-the-art global technologies in its chandelier production. This new approach not only showcases Iran's rich cultural heritage through Modnor's creations but also enhances the quality of life by leveraging advanced technology.

Infinite Customization, Tailored to Your Unique Space Design:

Every Modnoor product is fully adaptable, personalized to harmonize with your environment's design. The dimensions, color, height, and arrangement of Modnoor products are shaped according to your desires. Each decorative lighting product from Modnoor is a singular piece, reflecting your personality and taste.

Exceptional Quality, Rivaling European Standards:

High Quality

Every Modnoor product is meticulously crafted with unparalleled quality. At Modnoor, we deliver authentic masterpieces, driven by the highest dedication to excellence. Modnoor: The creator of distinctive decorative lighting, truly unparalleled in both design and exquisite quality.

3

2 Year Unconditional Warranty:

2

Years warranty

At Modnoor, nothing is more paramount than the complete satisfaction of our customers. All Modnoor products come with a 2-year unconditional warranty covering globe and body breakage, lamp burnout, and all connections, provided the issue stems from a manufacturing defect or problems arising from the packaging.

4

5 Years After-Sales Service:

5

Years After Sales Service

Your chandelier may be damaged for any reason; from power fluctuations, breakage due to impact during relocation, or any other damage. At Modnoor, we are committed to providing 5 years of after-sales service for every product purchased.

HANA LIGHT

The name of this piece is **Hana**. She rises from the chill of dawn. She carries the delicacy of glass stems; standing in silence, luminous with cold light. Each piece is a radiant figure — fragile, white, and slender. Hana is not made to bring warmth; she comes to reveal the void with gentle dignity. Hana is the presence of absence. She is the poetry of cold light

BAMBOO LIGHT

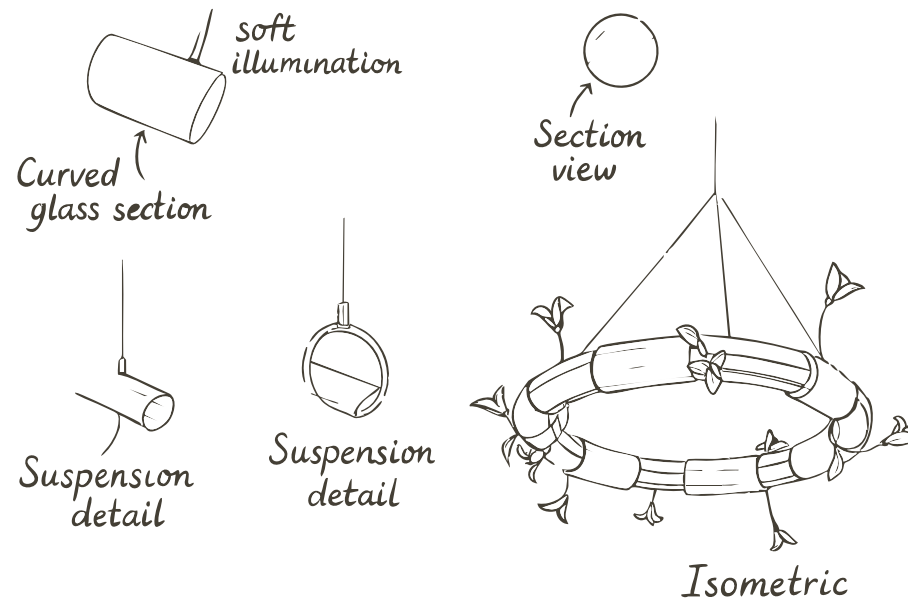

One of Modnoor's newest product families is the **Bamboo** Collection — a lighting series inspired by the bamboo plant, symbolizing growth, balance, flexibility, and the magnificence of nature.

This collection was designed by Nima Bavardi, one of the Top 40 Lighting Designers Under 40 worldwide, exclusively commissioned by Modnoor.

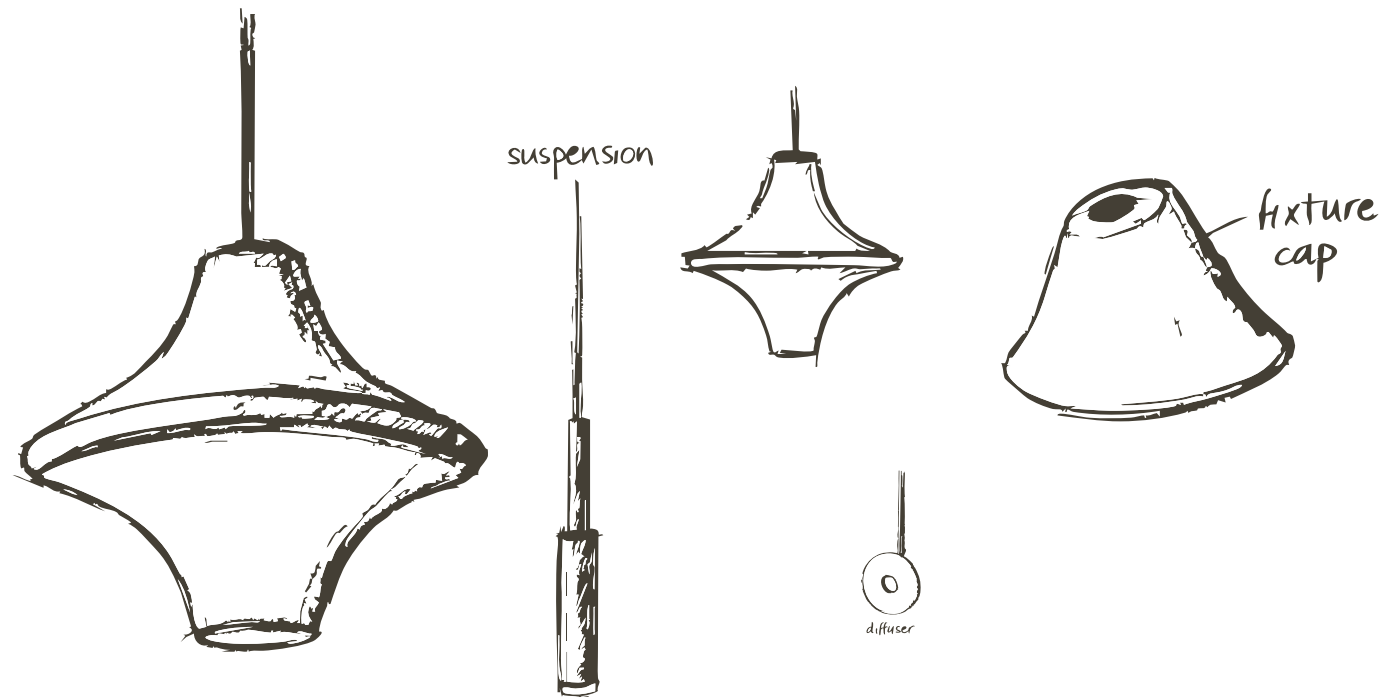

The bamboo's vertical growth inspired the modular system, which allows full customization of this product.

ROCH LIGHT

Roch, named after the Pahlavi word for light, is a sculptural expression—bold and intentional. With its distinctive form and striking presence, it is created to be seen, felt, and to assert itself within architectural space. Its fluid and daring design transforms illumination into spatial experience. Roch does not merely brighten; it breathes spirit into the environment. It reveals space through presence, not just light

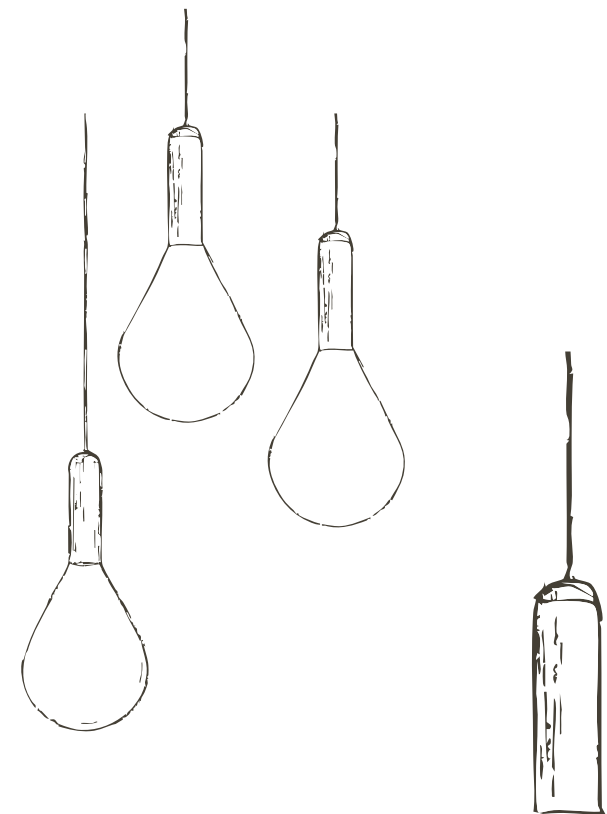

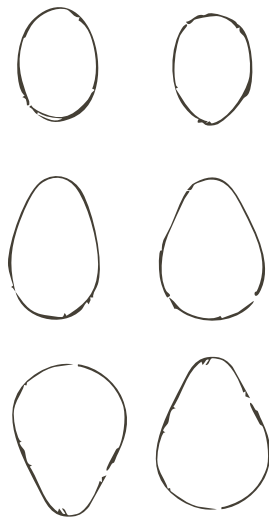

DROP LIGHT

Drop Light is a light fixture that appears to be a drop of light suspended in mid-air, gently falling. Its glass shade, made of Pyrex, measures 12x16 cm, while the metal body stands at 11 cm tall, giving the product a total height of 27 cm. This magical fixture illuminates your space, like a gleaming drop, casting a spell of light and adding a touch of enchantment to your surroundings.

DESIGN PROCESS

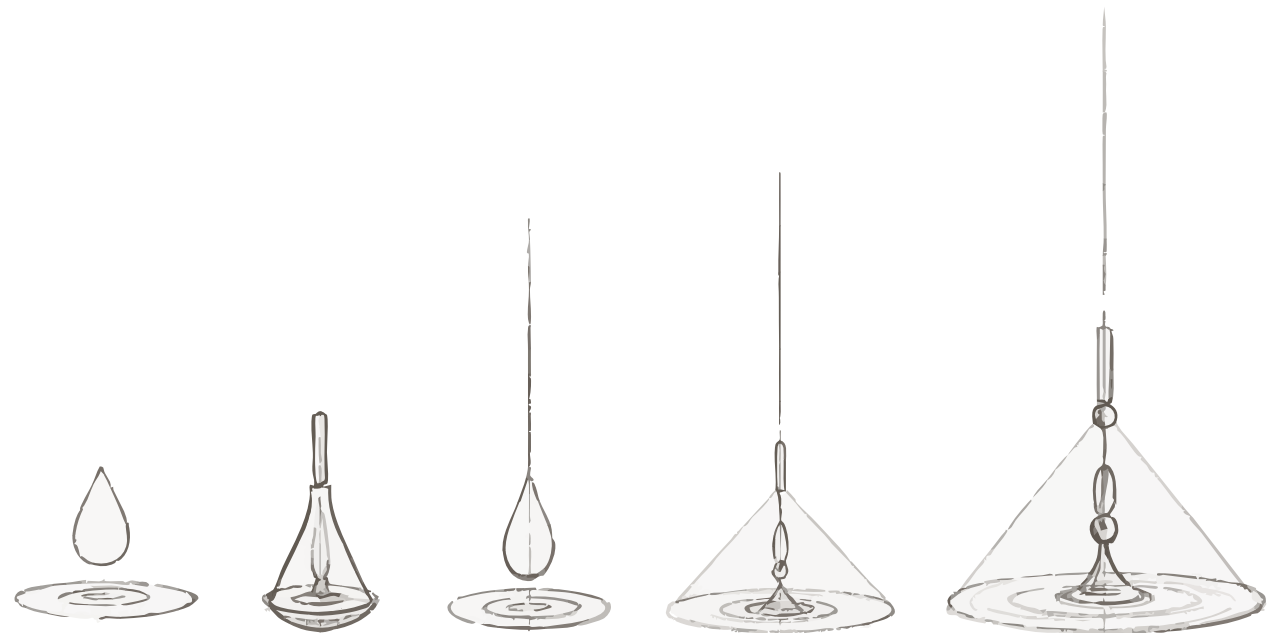

CHEKKE LIGHT

Light, not to be seen, but to be felt. **Chekke** is not rain, nor tears, nor stars. It's a drop of light, gentle, restrained that doesn't shine like the sun or strike like lightning, but simply... falls. Quietly. Humbly. This is not light to command attention. Chekke is a lighting experience for spaces that seek calm. A whisper of light rather than a statement. A quiet reminder of beauty, like silence that says more than words. Each point of light is a droplet descending from above, leaving ripples not on water, but on feeling. Here, light becomes presence, subtle, tender, and serene.

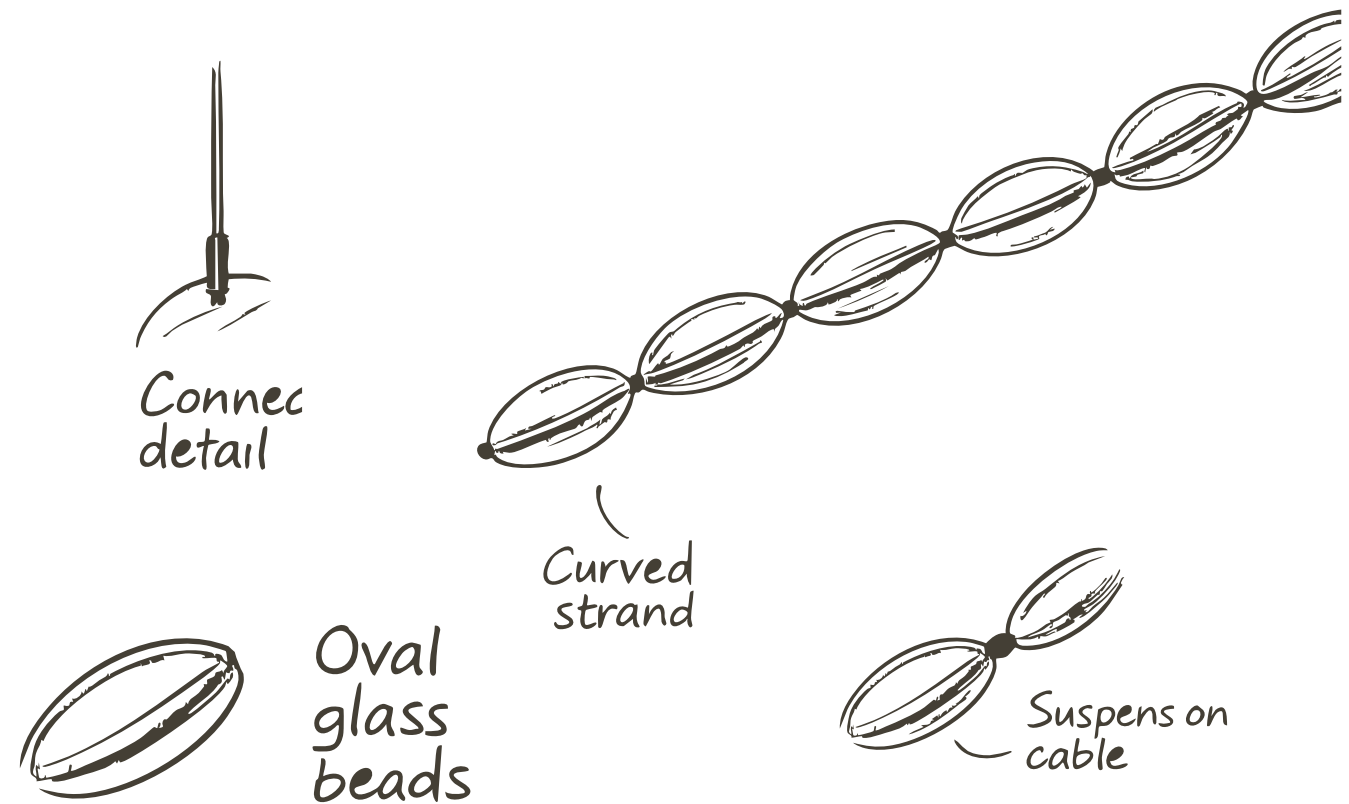

STRING LIGHT-02

String Light is a modern Art Deco-inspired chandelier, perfect for those who crave unique and distinctive designs. Crafted with glass bulbs, STRING Light can be customized in any number of bulbs, length, and shape to suit your vision. Designed to enhance spaces with high ceilings, this chandelier adds an unparalleled elegance and sophistication, transforming any room into a breathtaking masterpiece.

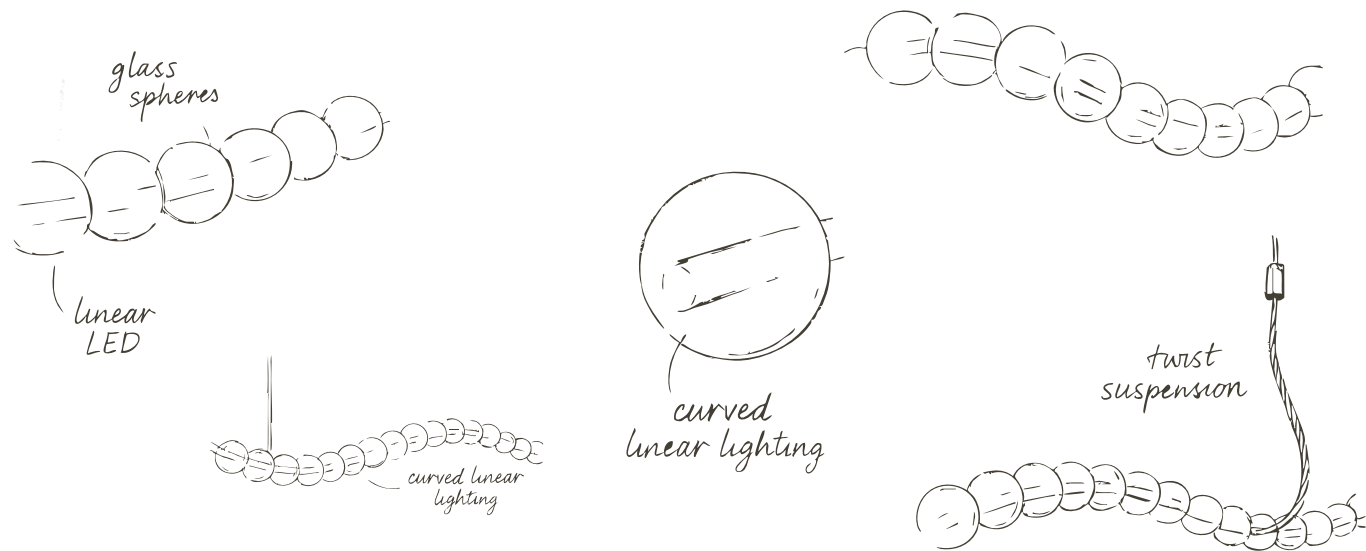

STRING LIGHT-01

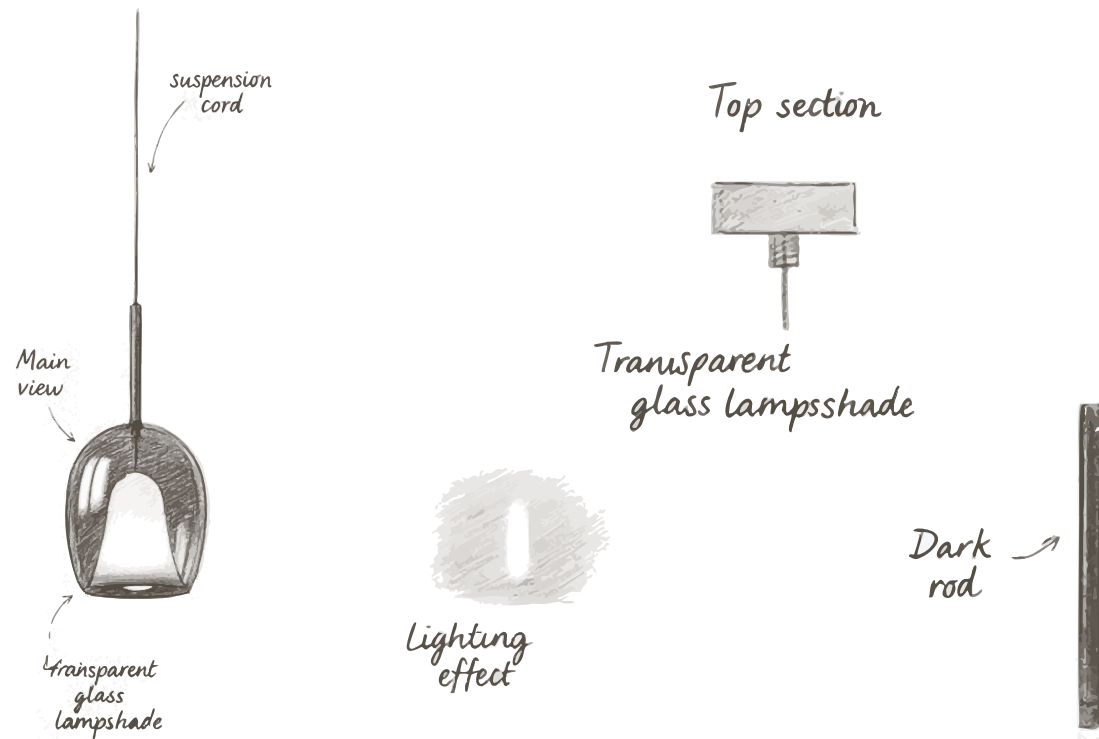

String Light is a modern Art Deco-inspired chandelier, perfect for those who crave unique and distinctive designs. Crafted with glass bulbs, STRING Light can be customized in any number of bulbs, length, and shape to suit your vision. Designed to enhance spaces with high ceilings, this chandelier adds an unparalleled elegance and sophistication, transforming any room into a breathtaking masterpiece.

RAITO LIGHT

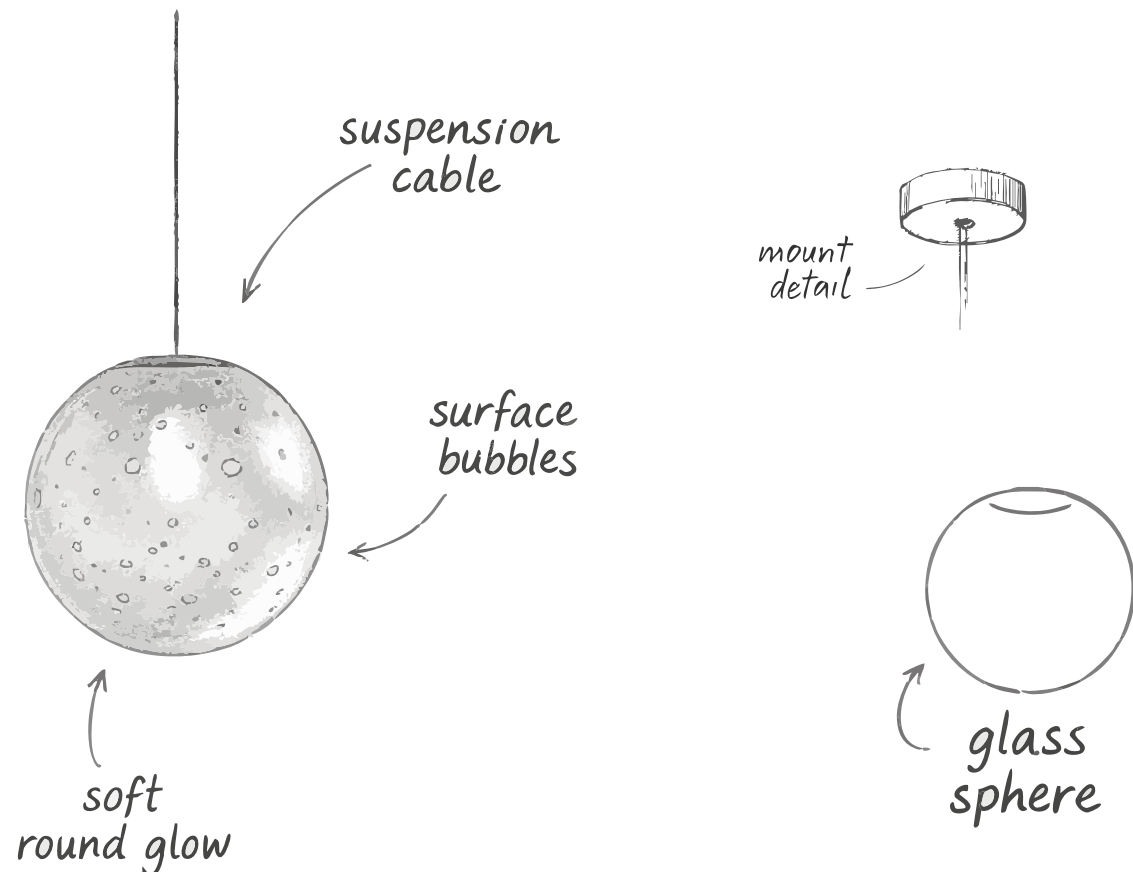

Raito, one of Mednør's latest creations, is a stunning piece composed of a single bulb, a handle, and a Pyrex element, featuring an exquisite internal protrusion for added elegance. A matching Pyrex tube seamlessly extends from the top of the bulb, creating a cohesive look. Raito stands as a true emblem of integrated design, blending form and function with unparalleled sophistication.

MOON LIGHT

Moon light is a bionic-designed chandelier inspired by the moon. This product features thick, intricately crafted glass bulbs that showcase exceptional detail and elegance. Moon light can be customized with any number of branches and at any height to suit your needs, offering versatile and stunning arrangements.

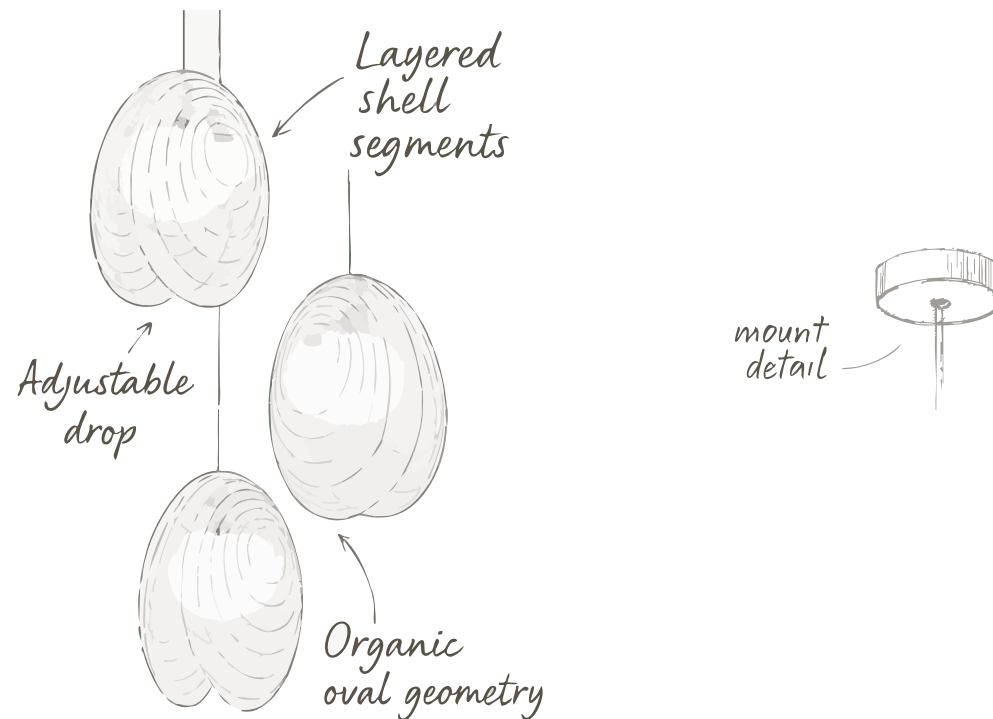

AKOYA LIGHT

In Japan, the **Akoya** oyster, renowned for its exquisite shells and precious pearls, holds a distinguished reputation. Inspired by this iconic oyster, Akoya Light is a chandelier crafted in the bionic design style, embodying nature's elegance. Often regarded as the king of modern chandeliers, Akoya Light exudes unparalleled sophistication. This stunning chandelier can be customized with any number of branches and at any height you desire, offering limitless possibilities for breathtaking installations.

LAVA LIGHT

Lava Light is a product family encompassing wall sconces, table lamps, and linear fixtures, boasting a modern aesthetic. Its thick, deformed glass elements, reminiscent of molten volcanic lava, create a striking and glamorous effect. Designed for bold individuals, Lava Light perfectly blends minimalist design with dramatic flair, catering to those who seek a balance of simplicity and captivating brilliance.

CLOUD LIGHT

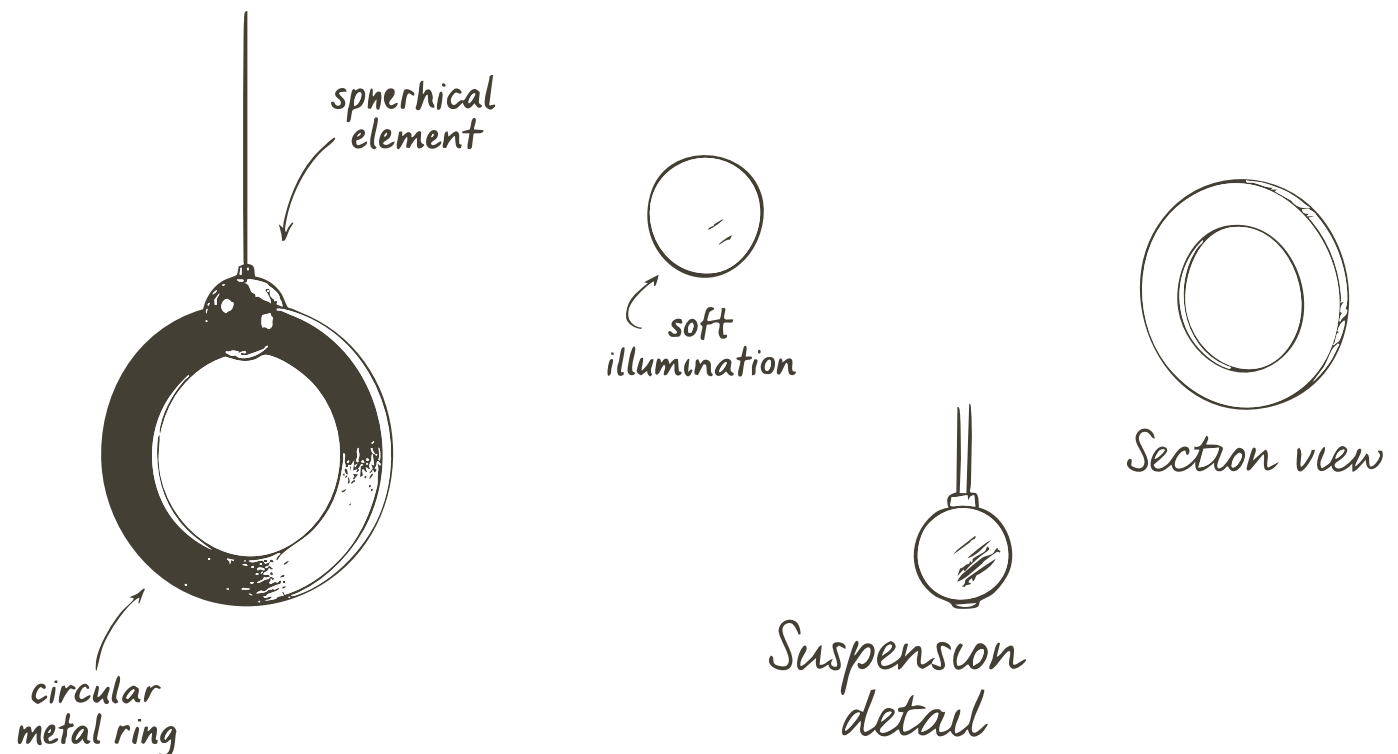

Cloud Light is inspired by the whimsical, dreamy clouds drifting across the sky. This unique decorative chandelier belongs to a product family that also includes a matching table lamp. Available in a diverse range of colors, CLOUD Light features individually crafted glass bulbs, each one distinct and uniquely designed, ensuring no two are ever the same, adding an exclusive charm to your space.

LUNA LIGHT

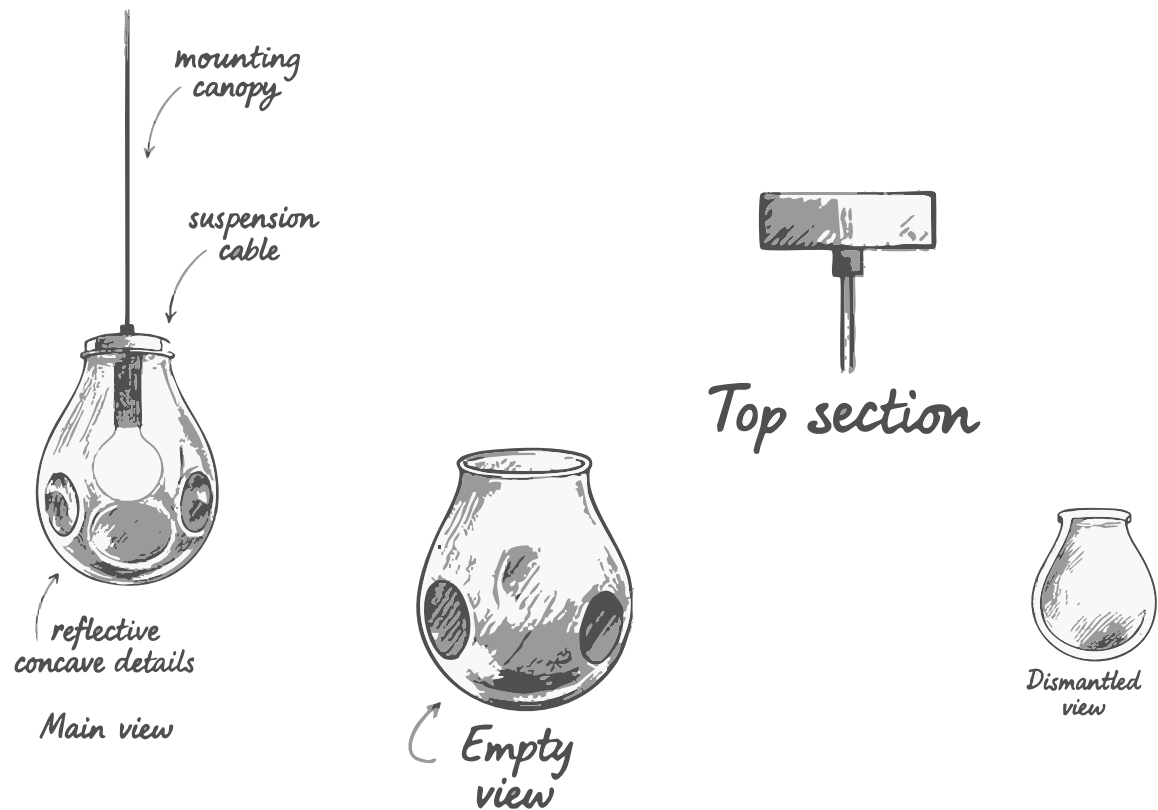

Luna Light is a pendant chandelier that evokes memories of The Great Gatsby for cinema enthusiasts more than any other design. This modern chandelier, with its 360-degree illumination, is an ideal choice for those who seek both stunning aesthetics and exceptional lighting performance from their chandelier. LUNA Light can be customized with any number of branches and at any height, offering endless possibilities to elevate your space with elegance and brilliance.

SPACE LIGHT

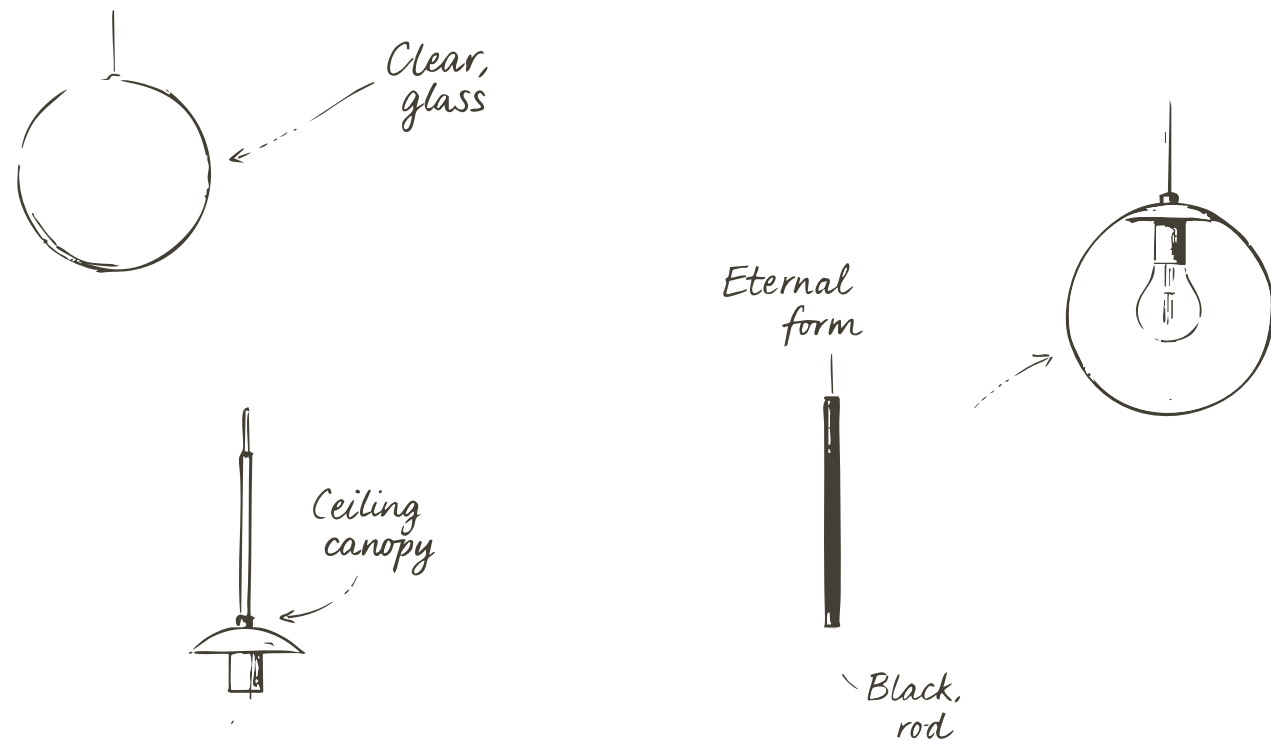

Space Light creates a sense of boundless elegance in your home. This modern chandelier, inspired by the peak of human creativity during the modernist era and the iconic Edison bulb design, features large, exquisite crystal bulbs that lend a distinctive charm to any space. Fully customizable, Space Light can be tailored to any number of branches and height, ensuring a perfect fit for your vision.

BRANCH LIGHT

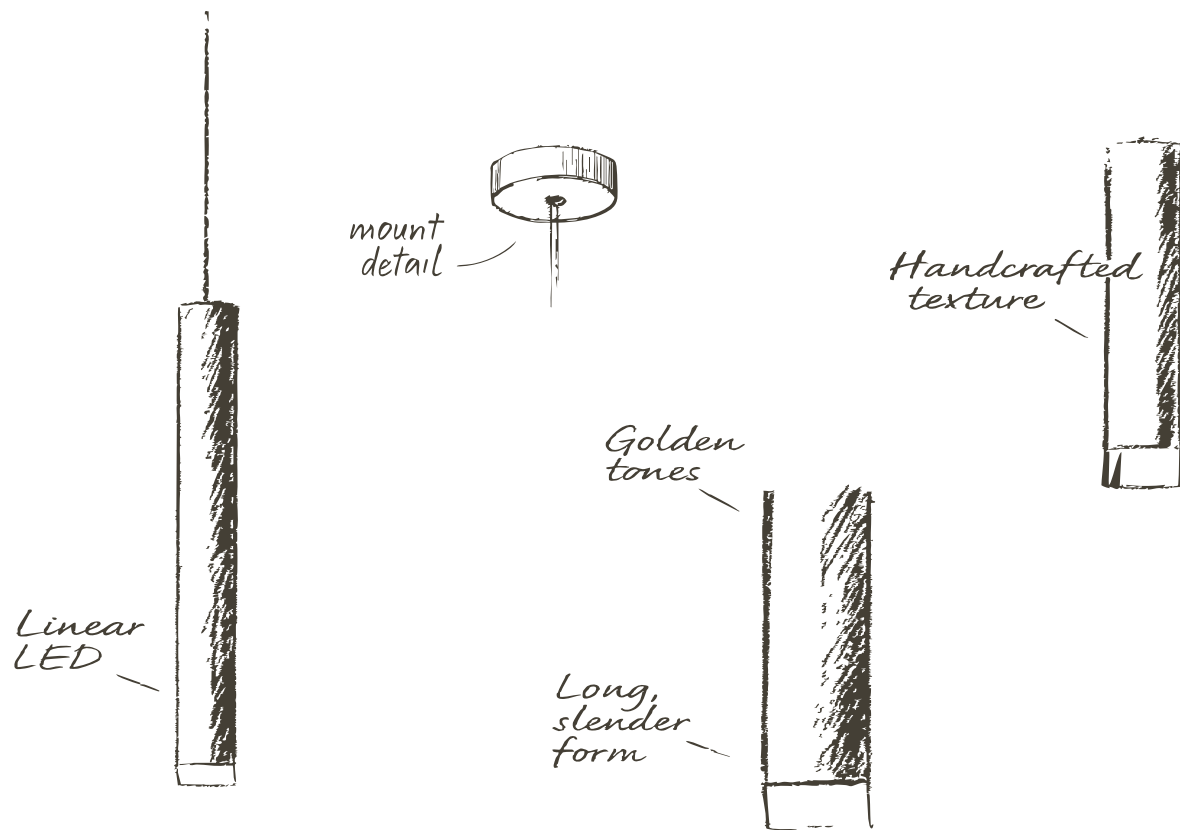

Branch Light epitomizes the essence of splendor in simplicity. This chandelier features a Pyrex bulb with a metallic accent at its top, offering customizable options for the number of branches and arrangement. Reminiscent of vintage beverage bottles, Branch Light combines nostalgic charm with modern versatility, making it a timeless addition to any space.

PIPE LIGHT

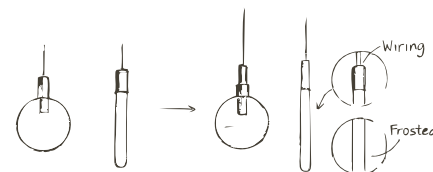

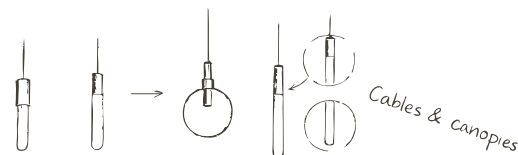

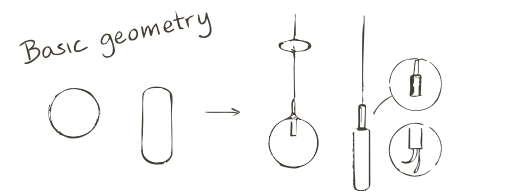

Pipe Light is a pendant chandelier offering full customization and arrangement to suit your unique vision. Available in a diverse range of colors, PIPE Light is an exceptional choice for designing industrial and modern spaces, effortlessly blending functionality with bold, contemporary style

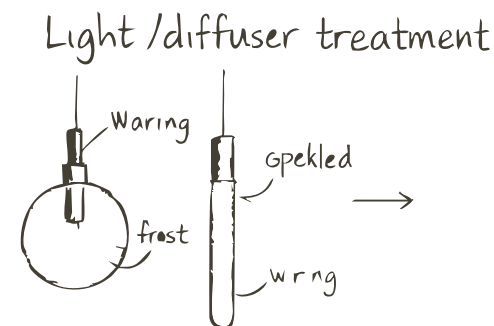

PIPE & GLOBE LIGHT+

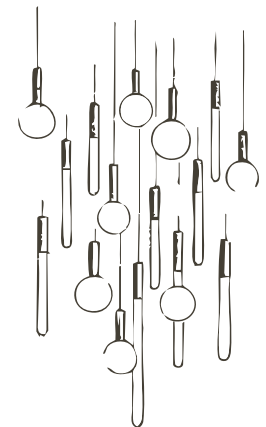

Pipe Plus and **Globe Plus** are two chandeliers from the same family, designed to complement each other. PIPE Plus features cylindrical bulbs with a white gradient finish, while GLOBE Plus showcases spherical bulbs with a matching white gradient. These chandeliers can be arranged individually or together, offering versatile styling options to create a cohesive and visually stunning lighting arrangement.

Metal caps & joints

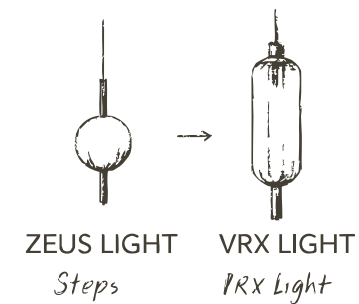

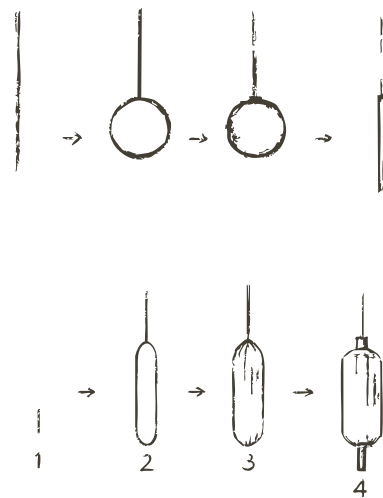

Final cluster composition

ZEUS & VRX LIGHT

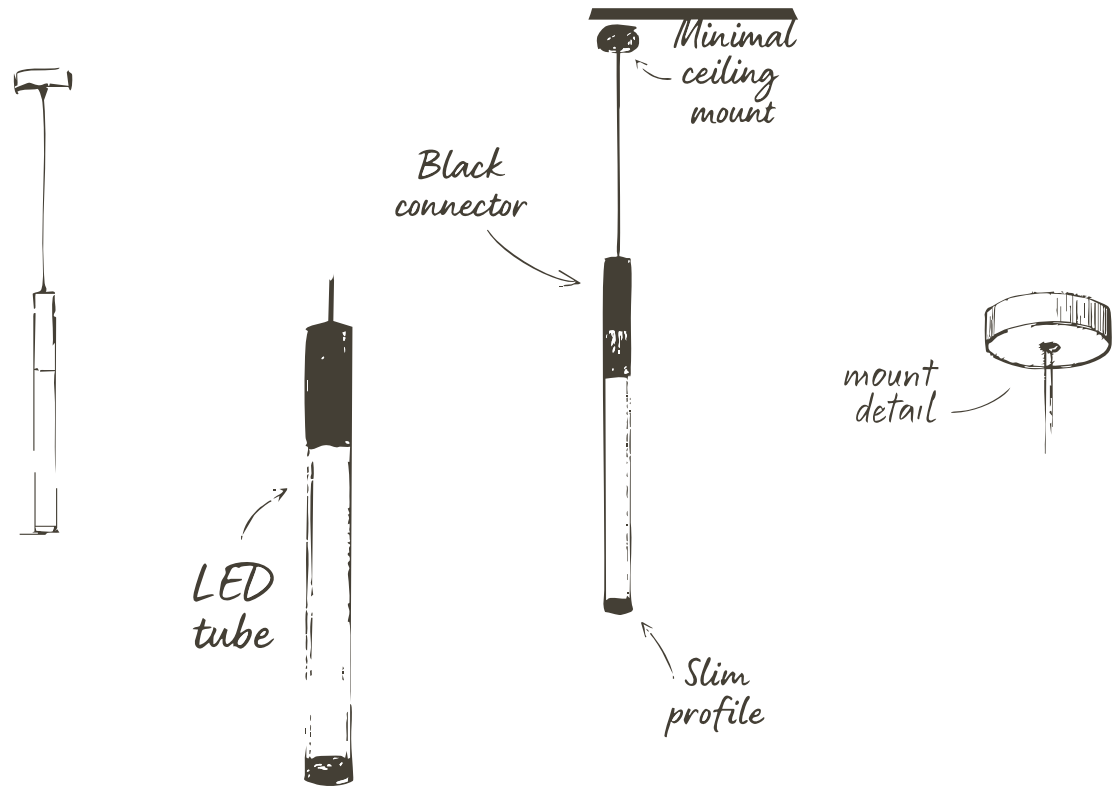

Vrx Light and **Zwus Light** are two distinct chandeliers from a closely related family, creating a more captivating display than any other combination when arranged together. Featuring spherical and cylindrical grooved bulbs with metallic accents at the top and bottom, these chandeliers offer the flexibility to be arranged individually or as a stunning pair, enhancing any space with their harmonious elegance and striking design.

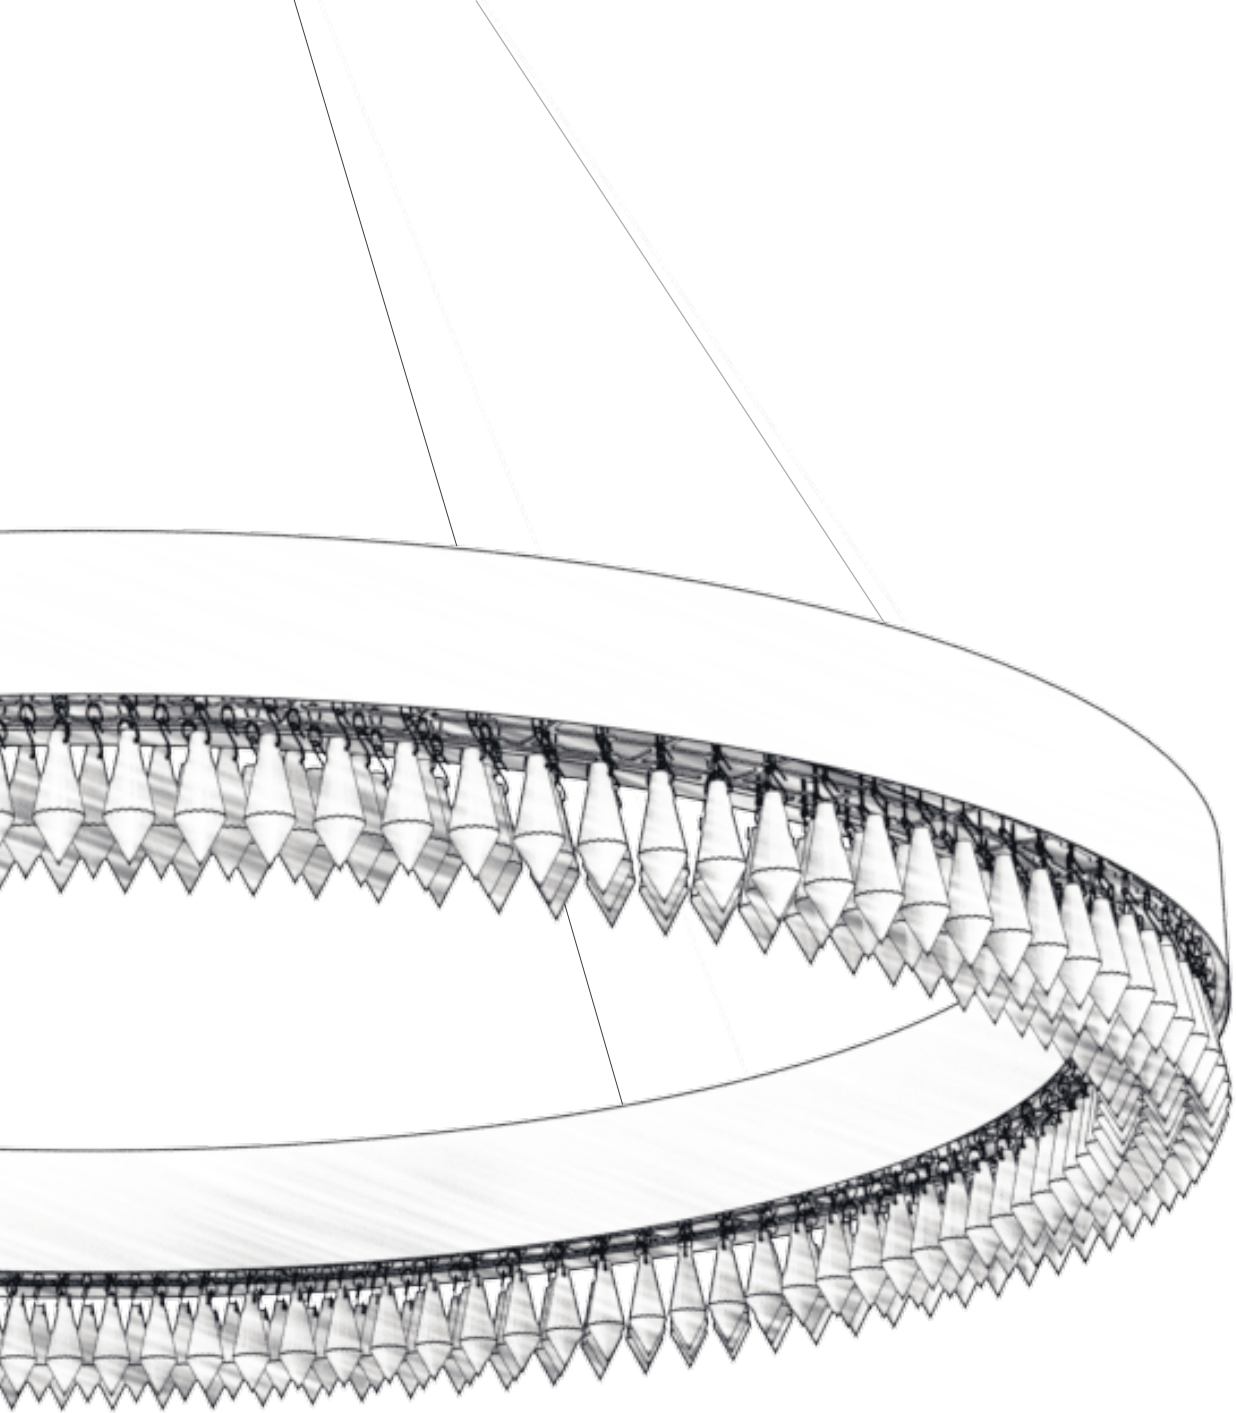

NORO LIGHT

Noro Light embodies exceptional illumination, modern design, and remarkable quality with infinite customization possibilities. This cylindrical and linear chandelier, crafted from aluminum and Pyrex, can be arranged in any configuration you desire, making it a versatile and stunning addition to any space.

OMO LIGHT

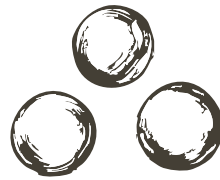

If you're captivated by Gothic architecture yet prefer a modern aesthetic for your home decor, OMO Light is the perfect chandelier for you. Inspired by the chandeliers of Gothic cathedrals, **OMO Light** combines downward-facing lights with a sleek, contemporary design, blending elements that seem impossible to unite at first glance. This modern masterpiece offers exceptional illumination, making it ideal for those seeking a striking yet functional centerpiece.

ARC LIGHT

Arc, meaning "arch" or "bow," perfectly reflects the design of Arc Light, a chandelier featuring gracefully curved branches. Inspired by the natural arcs of tree branches, this elegant piece brings an organic charm to any space. The Arc Light collection includes both a chandelier and a matching wall sconce, offering versatile options to enhance your decor with timeless sophistication.

DIANA LIGHT

Diana is a chandelier crafted for those with discerning taste. Diana Light, designed in the Art Deco style, captivates every gaze with its large, transparent crystals. If you desire a modern-designed chandelier to lend an aristocratic elegance to your home, Diana Light is your premier choice.

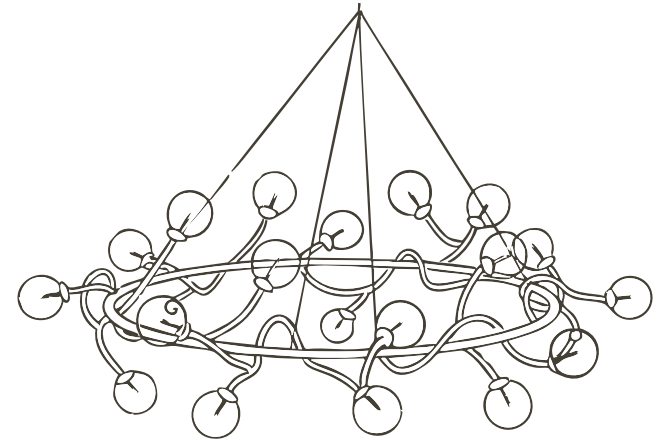

HELIX LIGHT

HELIX Light is a bionic chandelier inspired by the intricate twists of fruit tree branches. This captivating chandelier, despite its modern design, features delicate, winding branches that evoke a harmonious blend of elegance and natural beauty, effortlessly enchanting any onlooker with its refined artistry.

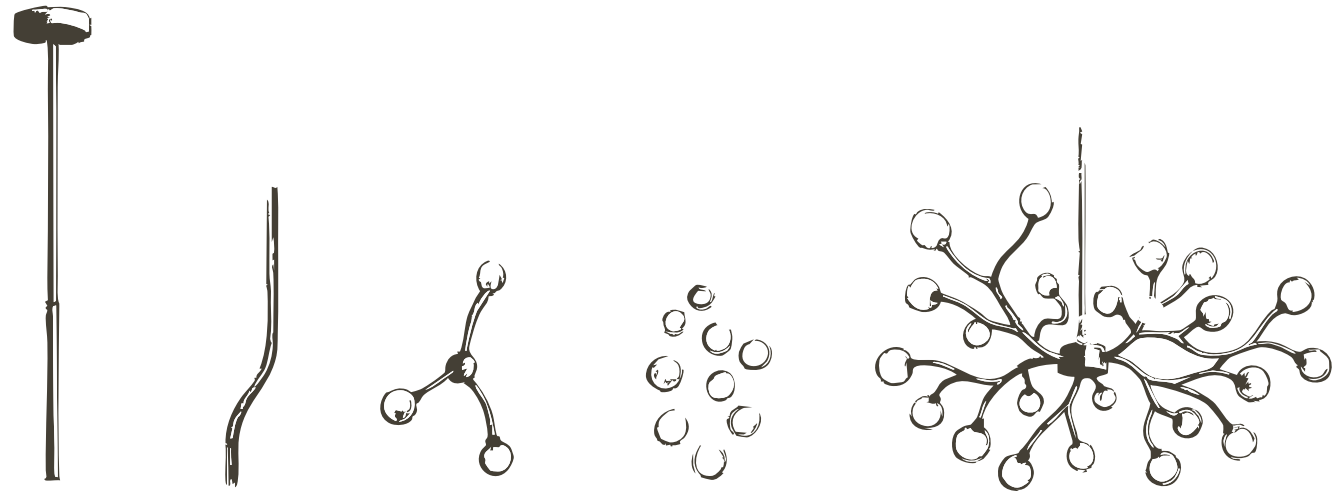

ASSEMBLY

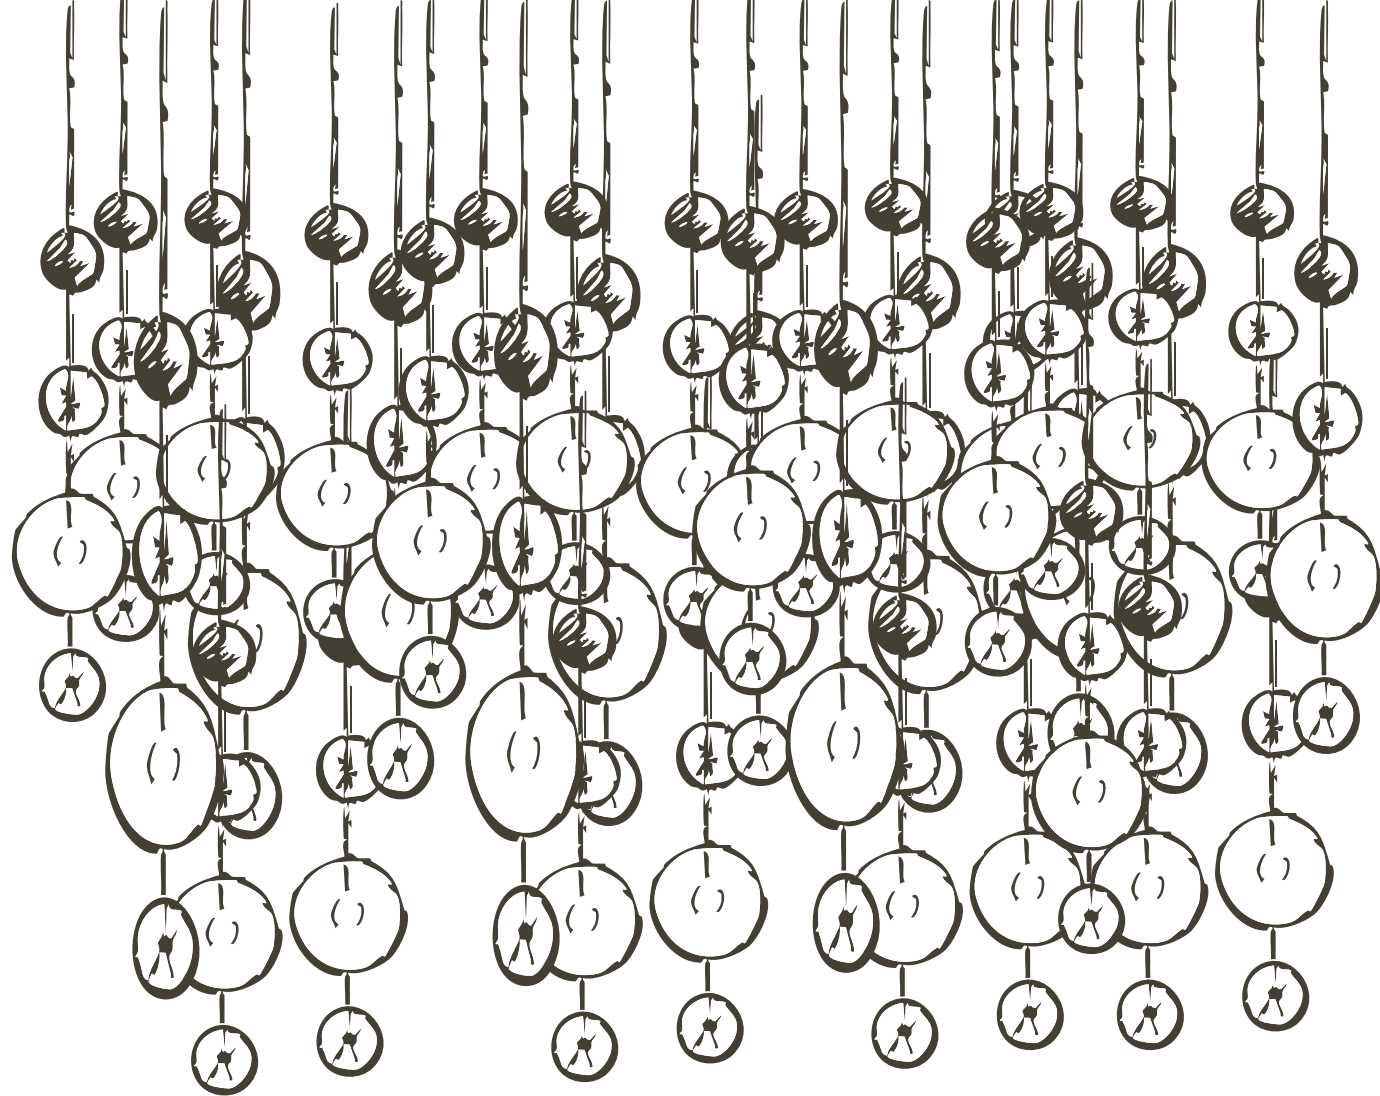

ORTA LIGHT

Orta Light is a chandelier inspired by tree branches, featuring sinusoidal curves that lend it a graceful, flowing design. What sets Orta apart from its family counterparts is the unique dispersion of its branches. Compared to other tree-inspired chandeliers, Orta offers greater variety and intricacy in its twists and turns, creating a more dynamic and visually captivating silhouette.

Donut LIGHT

Donut Light is a chandelier designed for arrangement enthusiasts who appreciate intricate complexity. Featuring bulbs that strikingly resemble donuts, this chandelier is arranged to create a radiant and visually stunning effect. Part of Mednor's collection, Donut Light offers complete customization, allowing you to craft a bespoke lighting masterpiece that perfectly reflects your unique style and vision.

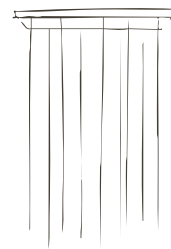

STONE LIGHT

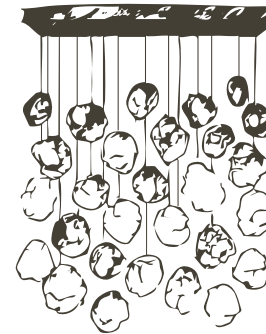

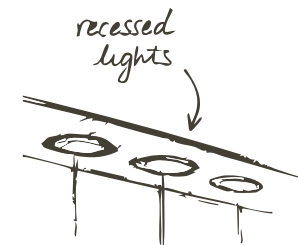

Stone Light is a chandelier inspired by the smooth pebbles of a riverbed, capturing the essence of nature's beauty. Its Pyrex bulbs, available in a wide array of vibrant colors, can be arranged in any configuration you desire, offering endless creative possibilities. Stone Light combines natural inspiration with versatile design, making it a perfect statement piece for any space seeking a touch of organic elegance.
